<http://www.Blogger.com>

Have you been hearing about the Blog craze but haven't known where to start? A quick and easy way to create a presence on the web and establish yourself as an expert in the MLM is to create your own Blog.

What's great about Blogging is a cross between a journal and a webpage. Remember, a prospect looking for a business opportunity does not join simply because of the compensation plan or the product. They are joining because they feel you can help them achieve what they want. So why not let them know who you are so you can attract the type of people you would like to work with.

Blogger.com gives you a simple 3 step process that will have posting your thought on the internet in less than no time.

Have you ever heard the money is in the list? Stay connected with prospects and set yourself apart from the rest by dripping need to know information to them.

This reliable cost effective tool will allow you to create consistent follow-up. Set yourself apart in your company.

I love Aweber because they have live technical support and continue to develop services that will help you build your network marketing business using the internet.

You will find templates, videos, training guides and easy to create opt in forms. It's easy to get started because you can take a FREE test drive.

MLM Sectet Tool #15

www.AudioBlogger.com

Blogging has always been about giving you a voice on the web. With the advancement of technology you can now not only write and publish your thoughts and ideas you can pick up the phone, record them and voila! You can choose to do audio blogging alone or add a little spice to your written masterpiece.

However, with Audio Blogger once you sign up all you have to do is call a number and speak. When you are done recording your post it gets saved to a standard MP3 file.

Do you have something to say? Let the world go on this journey with you. It's too simple to pass up.

MLM Sectet Tool #16

www.audioacrobat.com

The use of audio in network marketing is only limited by ones imagination. How would you like to record a tip of the week on how to successfully use your product? Maybe you want to have satisfied customers give testimonials of how your products have worked for them. Or have you wondering how people have been creating internet radio shows but you thought it was too difficult to do.

Here comes Audio Acrobat to the rescue. I have tried several audio programs and nothing has come close.

One of the things I love best is they have live, hands on classes to teach you how to use the product. And to me for the nominal fee versus the amount of services you get is one of the best kept secrets on the web.
